

Fragment

A cooperative puzzle game where the radio listens

The radio changes the conversation

You see one part of the puzzle.
Your team has the missing pieces.
The radio blocks obvious words.

A language only your team understands

For friends who enjoy figuring things out together

Describe the picture another way.
Connect your clues.
Solve it together.

A playable game on iDos

4 players in a team
5 trials per match, 15 trial types
Friend rooms and random matchmaking
Bots for practice

Signals and FRAG

Game currency: Signals
Solana token: FRAG

FRAG is our Solana token.
Players buy Signals through iDos.
Signals buy cosmetic items in the game.

Signals stay in the game. Bot matches earn no economic rewards. NFT cosmetics are planned.

The team

Two friends building a game about communication

Dionis and Zhenya
We build and test Fragment together.
We improve it through real play sessions.

What comes next

Play Fragment

Clearer tutorials and reasons to return
Gameplay clips and community playtests
Optional cosmetics to support the game
